

Covid-19 Dashboard

The following table provides our school community with accurate information regarding COVID-19 cases on our campus, while ensuring the privacy and confidentiality of our students and staff. The table below indicates the number of confirmed COVID - 19 cases for students or staff who physically report to school campus for hybrid/in-person learning within the previous 14 days. This data will be periodically updated and as any cases are confirmed.

In the event of a positive case, affected individuals/classes will be contacted directly by an appointed member of the school and may receive a letter that includes self-isolation directions and other important information.

	# of staff / students <i>(in person only)</i>	Confirmed Positive Cases	Proportion of Population
Kinetic Academy	247	0	0%

Last Updated 5.7.21

*these numbers may fluctuate and will be updated accordingly

*Information updated periodically and as positive cases are confirmed

*positive case rate based on 14 day period
